3,626 SF OFFICE PLAN

12055 SAGE POINT COURT | RENO, NEVADA

Area Description

North Valleys submarket is home to national distributors and warehouse users such as Amazon, Petco, Sherwin Williams, Clorox and Urban Outfitters. The area boasts a plentiful workforce and is located on the bus route and minutes from US-395 (the main north-south arterial in northern Nevada) making it an excellent location for a western operations facility.

Business Friendly Environment for Corporate Users

The Tax Foundation ranked Nevada as the third most business-friendly state due to its favorable tax climate, which includes no corporate income taxes, personal income taxes, inventory taxes, unitary taxes, estate and/or gift taxes, franchise taxes, inheritance taxes or special intangible taxes.

Strategic Centralized Logistics Hub

The Reno/Sparks industrial market is strategically located at the epicenter of the western United States, providing a convenient point of distribution for truck, rail and air services. The Reno/Sparks location allows for overnight delivery to the majority of the eleven western states (53 million people) and two-day delivery to over 63 million people via truck and rail freight shipping.
