

Miller Industrial Properties Has 22 Deals in Q1!

Despite the slow market and talk about the real estate condition, Miller Industrial Properties had 22 leases done in the First Quarter of 2010. With only two of them being renewals. The team is geared up and ready to take on a challenging year, but knows that there are blue skies ahead. It takes hard work, dedication, and accountability to the client, they are the most important part of the deal. Great way to start the year, but no room to slow down. With the conditions of the economy, it can only mean working 100 times harder than ever, and the Industrial Team at Miler Industrial Properties understands that.

If your company is looking to expand, relocate, or just looking to start up a new business, give the industrial team a call. Or if you would like to lease or sell your property we specialize in marketing your property, not just to local brokers, but nationally as well.
